SOF® TOURNIQUET

Item No:	CL-000250
Manufacturer:	Tactical Medical Solutions LLC
Certificates:	CE, FDA
Size:	13,9 x 5 x 4,4 cm
Color:	Tan
Country of origin:	USA
NSN no:	N/A
Tariff:	90189084
Weight:	110 g

The newest evolution of the SOF® Tourniquet sets the benchmark for prehospital tourniquets. Purposeful upgrades allow for smoother and faster one-handed and two-handed applications for the most effective bleeding control.

The SOF® Tourniquet easily slides over an arm or leg. It unclips at the buckle to fit around hard-to-reach areas, such as a trapped limb.
It is stronger, lighter, and easier to use so you can stop the bleed anywhere life takes you.

It is still the preferred tourniquet for elite military forces and emergency responders worldwide.
