

NAR NEEDLELESS SALINE LOCK KIT

IV Safety Catheter & Needle Free Valve Port Reduce or Eliminate Accidental Needle-Stick Exposures

North American Rescue's Needleless Saline Lock Kit allows for quick and effective IV cannulation under the most demanding conditions. Our convenient kit is packaged in a compact, vacuum-sealed, rugged pouch to keep the contents in operational ready condition until needed for use. The NAR Needleless Saline Lock Kit contains an IV safety catheter and a needle-free valve port to reduce or eliminate accidental needle-stick exposures to tactical healthcare providers.

Features:

- Provides essential components for establishing a saline lock in the most demanding conditions
- Contains engineered safety devices to reduce or eliminate healthcare provider exposure to accidental needle sticks
- Packaged in a compact, vacuum-sealed, rugged pouch
