Open with handles collapsed:  
L: 198.12 x W: 57.15 x D: 15.24 cm  
  
Open with handles extended:  
L: 228.6 x W: 57.15 x D: 15.24 cm

Country of origin: USA

Quantity: 1

Weight: Weight: 7.4 kg

Payload: 544.3 kg

Ground Clearance: 3.81 cm

The upgraded Talon II 90C is the most versatile and compact evacuation and treatment litter available today! Developed to meet the U.S. Army's requirement to provide urgent casualty evacuation from the battlefield.

The new design allows patient transport in restricted compartments such as the up-armored M1114 Humvee and other non-conventional commercial vehicles. By simply extending the ergonomically designed handles it transitions to a standard NATO compatible evacuation platform. The Talon 90C is the ultimate evacuation platform.

- Certified Safe-to-Fly U.S. Army Rotary Wing
- Retractable, ergonomically designed handles
- Automatic locking hinges
- Slip-resistant, chemical-resistant ripstop fabric tested & approved by Federal & private labs using live warfare agents
- 6 IV-attachment points
- 2 patient-securing straps
- U.S. Patents 6,842,923 & 5,598,592, Patent(s) Pending
