Weight:	30kg

SmartEvacuation™ Zone is designed to assist you to administrate an evacuation or holding zone within your facility. Critical tasks, such as triage, documentation, marking the zone and communications, are all covered within the kit.

Intuitive documentation facilitates communications and prompts users to ensure all critical tasks and decisions are covered.

Working in synergy with our ward systems, the complete SmartEvacuation™ System provides a logical, practical and tested solution to create an answer to dealing with the complexities of a hospital evacuation.
