

# Heat Reflective Shell (HRS)

---

---

Item No:	EE-0077
Manufacturer:	North American Rescue Products
Certificates:	CE, Latex free
Package Size:	25,4 x 17,4 x 6,3 cm
Product Size:	198 x 109 cm
Color:	Brown
Country of origin:	USA
NSN no:	6532-01-627-7888
Tariff:	63019000
Weight:	821 g

The reinforced Heat Reflective Shell (HRS™) from North American Rescue® is a strong, flexible, lightweight covering designed to completely encapsulate the patient during casualty care.

The HRS™ is constructed of a 4-ply, composite fabric with a protected non-conductive reflective layer that provides excellent thermal insulation and durable support for up to 113+ kg. Rapid 360° access to the casualty with minimal exposure to the elements is achieved through the use of 3,8 cm continuous Velcro® closures.

The HRS™ has a built-in hood, integrated fluid absorption pad and top-to-bottom tapered shape to maximize isothermal capabilities.
