Country of origin:	USA
NSN no:	N/A
Tariff:	90211090
Weight:	N/A

The SAM Pelvic Sling II is the first and only force-controlled circumferential pelvic belt scientifically proven in peer-reviewed studies to safely and effectively reduce and stabilize open-book pelvic ring fractures.

Buckle maintains correct force – cannot be over-tightened.

Simple 3-step application: just insert belt through buckle, pull strap, and secure. Velcro on strap and sling for quick and easy fastening. Reusable, not a one time use device.
