NSN no:	N/A
Tariff:	30059099
Weight:	1,3kg

This is a simple and effective tool that the professional shooter will appreciate. Carry it rolled up, and when its time to set up a shooting station, you simply hold the end and toss the mat out.

With its weighted end, it unfurls and you're ready to go. Its long enough to cover the distance from below your knees to well in front of your barrel, so it is an effective muzzle blast dust suppression barrier.

PVC backing makes it waterproof.
