Certificates:	N/A
Size:	N/A
Color:	Coyote Brown
Country of origin:	Canada
NSN no:	N/A
Tariff:	30059099
Weight:	280 g

The SlimLine™ is a 2 MOLLE channel CFAK™ (Combat First Aid Kit). With only 2 MOLLE channels, it reduces the amount of space used on your load bearing equipment, but the design allows a non-compromise of carriage capacity.

The pouch can be released from its mounting panel in one motion - a pull on the beaded handle; however, the pouch remains secure on its platform if the beaded pull is not engaged. The pouch is easily reattached with one hand.

External tourniquet pouch prevents having to open the entire pouch to access the tourniquet. Single column MOLLE on each side allows space to secure additional tourniquet pouches, rescue hooks, scissors, etc.
