

Slimmerline V2

With Release Panel Solid

Item No:	CT-0085
Manufacturer:	CTOMS
Certificates:	N/A
Size:	18 x 10 x 3,5 cm
Color:	Coyote Brown
Country of origin:	Canada
NSN no:	N/A
Tariff:	30059099
Weight:	190 g

The SlimmerLine™ is a 2 MOLLE channel CFAK™ (Combat First Aid Kit). With only 2 MOLLE channels, and a lower vertical profile, it reduces the amount of space used on your load bearing equipment, but the design allows a non-compromise of carriage capacity. The SlimmerLine™ features a Hypalon WTIFix™ Strapped Back panel to reduce the overall weight and size without sacrificing strength and eliminates the need for separate malice clips.

The main pouch can be released from it's rear mounting panel in one swift vertical motion - a pull on the beaded handle; however, the pouch remains secure on its platform if the beaded pull is not engaged. The pouch is easily removed and reattached with one hand, maximizing your economy of movement.
