The Feldberg AED is the logical extension of the Feldberg SAN backpack. PAX have expanded this PAX classic with a front pocket for your AED.

All standard devices fit into the front pocket. You fasten them securely by means of a variable strap with a push-in buckle.

This leaves plenty of space for accessories.

PAX Feldberg AED 2019

Front Pocket

AED: In the front pocket there is space for an AED.

MOL: The MOLLE system allows for a flexible set up in the front pocket.

PAX Feldberg AED 2019
