Country of origin:	USA
NSN no:	6515-01-217-1236
Tariff:	90211000
Weight:	120 g

The SAM® Splint is built from a thin core of aluminum alloy, sandwiched between two layers of closed-cell foam.

The SAM® Splint is extremely pliable. Bent into any of three simple curves, it becomes extremely strong and supportive for any fractured or injured limb.

Soft enough to be cut with house hold scissors and can be molded to splint almost any bone.

Can be used as an emergency cervical collar. Weather-resistant.
