

LifeBox50

Standard with Thermometer

Item No:	BA-146
Manufacturer:	Faretec. Inc
Certificates:	CE, FDA
Size Exterior:	50 x 40 x 23 cm
Payload Capacity:	10.3 Ltr
Color:	Black
Country of origin:	USA
NSN no:	6545-01-596-4015
Tariff:	39232990
Weight:	5.600 g

LifeBox50 is intended for the protection, transport and temporary isolation of temperature-sensitive content such as casting materials, saline and similar.

The Responder is not restrained by temperature changes over time. The LifeBox50 is able to maintain its core temperature for unprecedented durations in the most extreme ambient conditions. We combine superior insulation with rugged storm cases for protection. Each unit also comes equipped with a surface mounted digital thermometer display for payload temperature monitoring. Solar/Battery powered.
