

Hypothermia Prevention & Management Kit (HPMK)

Item No:	EE-0073
Manufacturer:	North American Rescue Products
Certificates:	CE
Size Packaged:	17 x 26,6 x 13,9 cm
Color:	Green/Brown
Country of origin:	USA
NSN no:	6515-01-532-8056
Tariff:	63011000
Weight:	1.8 kg

Recommended by CoTCCC for the prevention of hypothermia during casualty care, the patented HPMK® with reinforced Heat Reflective Shell is strong, flexible, light-weight & impervious to wind & rain.

The HRS™, the kit's ruggedized outer shell, is constructed of a 4-ply, composite fabric with a protected non-conductive reflective layer that provides excellent thermal insulation.
