Weight:	46g
Dimensions:	N/A
Shelf life:	5 years
Temperatures	-20C to +60C

NORSE RESCUE® Chest Seal is an advanced occlusive dressing designed to treat open chest wounds.

Penetrating injuries to the chest that result in open chest wounds may leads to tension pneumothorax, the second leading cause of preventable death on the battlefield.

Chest Seals are specifically designed with a medical grade hydrogel adhesive strong enough to adhere to skin that is exposed to blood, sweat, hair, sand, or water.

Gauze included.
